Guardian Angel Senior Services Receives Workforce Recruitment and Retention Grant from New Hampshire Department of Health and Human Services

Bedford, NH – Guardian Angel Senior Services, a privately owned senior home care company, is pleased to announce it has been awarded a Home and Community Based Services Workforce Recruitment and Retention Grant from the State of New Hampshire Department of Health and Human Services (DHHS). The grant will be used to offer scholarships for Home Health Aide (HHA) and Licensed Nursing Assistant (LNA) training and mentorship programs in southern New Hampshire.

The funds will primarily support the recruitment and training of Home Health Aide and LNA candidates in Hillsborough and Merrimack County in partnership with LNA Health Careers locations in Manchester and Concord. Guardian Angel Senior Services is also partnering with Community College System of New Hampshire to provide LNA education and training in Cheshire and Rockingham Counties.

“With demand on the rise for our services, we are focused on bringing loving and caring people into the home health care profession,” explains Melanie Lewis, Founder and Co-owner of Guardian Angel Senior Services. “We also want to assist those already working in the field with advancing their certifications by becoming LNAs. This workforce grant from the New Hampshire Department of Health and Human Services will make a major impact in the local economy while helping people advance careers – and allowing more seniors to stay healthy and happy in their own homes.”
